My understanding is that she has a Pacificare case we assisted her with and she also has other complaints with others insurers, like Blue Shield. hopefully, she will stick to her Paccare case.....Tony

We may be in luck. Patrick found Cathy Wiser lives in L.A. and agrees to talk to the press about her case with us. She can be reached this evening at 818-887-2689 - day time phone is 818-992-7848. She even said she would take time off from work for this.

She expects a call from either one of you tonight. We continue to search for others but it's difficult to reach people on such short notice and more difficult to get them to want to talk.
