Subject: Background questions

As you all know, our communications center is preparing a feature about the Pacificare prosecution. They're finalizing the first installment but have a few remaining questions about the patients that testified. Can one of you spare some time today (no more than 10-15 mins.) to speak with our VP of Communications, Ned Wigglesworth? If so, let me know when and what number to call.

Hope all continues to go well in Oaktown.
